*Quick Freight Management is formed by a team of well experienced professionals from the logistics industry in the Asia Pacific. QFM prides in providing personalized freight services that guarantee extra diligence to transport your goods and comply with all aviation and safety regulations. Our extensive knowledge of customs regulations and international import/export restrictions help us provide "out-of-the-box" solutions. We will always identify the right solution to transport your consignments to any part of the world, no matter how remote it is. Guaranteed, QFM selects the best services for your freight. We focus on providing maximum transparency, cargo control and flexibility for the whole operation so that you may alter any arrangements to suit your needs. With our dedicated teams working endlessly to provide the most cost effective and optimum solutions to our customers, we are now an integral part of their supply chain process. Our on time, zero defects handling of the logistics of mobile phones including high value computers and cameras have already earned us a name of 'Captain' in the industry.*

*The encouragement we received for our services and commitment from our customers has motivated us to explore new ways to serve them with our focus on research and development. Our growth is organically driven by the requirements of our customers.*

**Mission:**

*Our mission, each and every day, is to provide top quality transport and logistics services at cost-effective prices, enabling us to deliver consistent value and dependability to all our customers, large and small.*

**Vision:**

*Our vision captures the essence of who we are. Everything we do flows from our vision. We don't just happen to be a business that sells Freight, it's what we're all about. Our vision is about meeting customers' needs and making transportation an easier, cost effective, more enjoyable and worry-free experience.*

**QFM Core Values**

- *Innovative – Open and creative to customer and employee solutions*
- *Quality – Providing value in all that we do*
- *Continuous improvement of our people and services*

- *Transportation to and from all auto exhibitions, races, auctions etc.*

## **Q-Couriers**

*Courier services are a more specialized delivery service that businesses and individuals turn to when they need a package or a document to reach its destination quickly. While regular mail services can also deliver packages rapidly, they cannot guarantee same day delivery or overnight delivery as the case may be. The term courier service' can refer to every form of delivery or transport service ranging from a small, local operation to an international network servicing millions daily using a fleet of trucks, planes, trains and ships.*

*QFS handles all shipments with care and according to the requirements of the customers. Our global network & associations of strategic long time partners allows us to offer competitive rates and best services for all the courier shipments. Our teams operating worldwide are committed to guarantee that your shipments reach their destination, promptly, safely and most economically.*

***Q-Couriers provides daily direct delivery services to below destinations.***

- *Direct from Pakistan to Dubai*
- *Direct from Pakistan to United Kingdom*
- *Direct from Pakistan to United States of America*
- *Direct from Pakistan to Hong Kong & Singapore*

## **Warehousing & 3PL Solutions**

*Warehousing is an extremely dynamic service, wherein each client demands a tailor made solution for his/her business model. QFM gets involved in the early stages to assist the client to select the best model to further their business. Our facilities are strategically located near the ports with other shared facilities. In addition to keeping the operation costs low, the location serves to provide easy and ready access to our clients.*

*Through a network of domestic and international partners, we can design and build a truly global program that involves trucking, airfreight, rail and sea shipping solutions to meet specifically our customers' needs. This partnership along with our own transportation assets, guarantees delivery in an efficient manner. It also provides direct access to major airports and airlines.*

*Our expertise involves the following:*

- *Bonded and Non-bonded warehousing*
- *Warehousing for inventory management*
- *Warehousing for pharma logistics and temperature controlled shipments*

## **Custom Clearance**

*Since our inception, we have been continuously growing as trustworthy and popular customs broking agents, offering world class customs clearing services. It is our endeavor to enhance our customer's satisfaction by offering them the right solution at the right time.*

**QFM** offering unparalleled, world-class customs clearing services from Pakistan and our key competencies include:

*Experienced and dedicated department handling only customs clearance and related issues*

- *Team entirely up to date with the customs regulations by actively attending relevant trainings and seminars*
- *Reconciliation of the contract after completion of import*
- *Dedicated staff at airport & seaport customs to meet contingencies*

## **Global Network**

*Through our global network, we understand the local needs, and offer a truly unrivalled local based service to a far reaching global scale of international proportion. Our mission is to continually build the best worldwide forwarder network and to partner with our members to increase business and market awareness.*
